DAYTON HAMVENTION® COMES CALLING

MAY 20-22, 2022

The Dayton Hamvention® comes calling again after a hiatus of 2 years due to COVID-19, . This year celebrates the 70th year reunion (1952-2022) of the event when the first Dayton

Figure 1 Dayton, yes bring your umbrella

Hamvention® occurred in March 1952. It will be held at the Green County Fairgrounds in Xenia, OH.

They will have over 400 booths in the vendor exhibits and loads of flea market space outside. ARRL will be show casing all of what ARRL does. If you have been to Dayton or a ARRL National Convention, you will know what I am speaking of, sort of like walking through QST. Many ARRL forums will be available including Field Day, Instructor's Forum, ARES®, Youth Forum, ARRL membership forum, ARRL Collegiate Amateur Radio and Amateur Radio Club

Health Checkup. This is just a small slice of the pie.

If you like to know what is going on while attending the Hamvention®, please download an app for your phone. It provides a lot of great timely information. Hope to see you there.

HAM RADIO BUG CALL OUT AS A FAMILY AFFAIR

As I was monitoring the Kentucky statewide DMR channel, TG3121 one afternoon I had a opportunity to run across a young man that was full of information. His name is Will Rudy KO4VLV, from Fulton KY and he is 10 years old. Will quickly provided interesting information about himself and the Anytone 878UVII radio and the MMDVM hotspot he was using. It was such an interesting QSO, I felt that others should have the opportunity to meet him. If you had to opportunity to attend the Cave City Hamfest in March, you had that great opportunity along with his dad, Ben KO4LFZ and family. You see this young man is a member of many youth groups involving ham radio. Will, earned his Tech license in December of 2021. He became interested in ham radio from his dad and grandad. Will checks

into the local nets, but is active on several of the youth digital nets as well along with making contact on 10 meters HF when the band is open. He and Alex are members of the Youth Amateur Communications Ham Team (YACHT). Both are members of the Murray State Amateur Radio Club and the Reelfoot Amateur Radio Club.

Not to be out done, his twin brother Alex KO4YFI, had to get on the act as well, Alex receive his license in March 2022, also shared in the SM Youth Award. To complete the circle, his mom Jessica KO4ZBV received her license in March as well. Families that play together stay together and what better example can you see here with the Ruby family, congratulations.

(HPP) HOSPITAL PREPAREDNESS PARTNERSHIP EXERCISE - MAY 17TH

The WKY HPP group Districts 1,2 and 3 will be conducting a preparedness exercise Tuesday, May 17th between 9 am and 12 pm CDT, along with KYARES and state regional offices. The exercise will include about 12 counties in WKY. The purpose of the exercise will be to test communications if the area lost the internet and grid and how to tie in the different hospital groups together with Frankfort. The main vehicle will be the use of Winlink on VHF and HF. As indicated by the map below, WKY has developed a workable packet network to carry the Winlink system. Use of different medical forms from Winlink and ICS reports will be sent through the system.

The system will use different gateways along with repeaters in WKY.

ARRL FOUNDATION PROVIDES GRANT OPPORTUNITY TO ORGANIZED CLUBS

The ARRL Foundation along with ARDC, (Amateur Radio Digital Communications) will be offering \$500K grants to any organized club. Grant will be available in 3 tier groups up to \$25K. Grant application information can be found and links can be found from slides presented from the information webinar held May 4; link [ARRL FOUNDATION GRANT SLIDES](#) . The deadline to apply for the grants will be June 30th. If you are Dayton bound, there will be a club forum to be held on May 22, @ 9:15 AM for more information or drop by the League booths for further info during the weekend.

FCC BACK ISSUING NEW AMATEUR LICENSES

The ARRL Volunteer Examiner Coordinator (VEC) reports that the FCC Universal Licensing System (ULS) electronic batch filing ([EBF](#)) system is back online and functioning normally. A message sent by the FCC ULS EBF Team to VECs explains that the technical issues with ULS EBF filing are resolved, and that VECs may resume submitting files containing amateur radio license applications. ARRL VEC has submitted most of the backlog of its files for applications processed on, or after, April 27, and expects to have all of the backlog submitted by the end of the day (May 9).

KY4DH Dixie Heights High School Edgewood, KY School Roundup

Elmer's and students KY4DH Dixie Heights High School Edgewood, KY. Operating School Club Round Up. Elmer group (current) organized by Gary Johnston KI4LA (SK) past Great Lakes Director and they remain active in the Northern Kentucky Amateur Radio Club area.

With support of school district erected antennas on roof of school and the district ran all conduit to club operating area in the science department !

The school placed 5th in the February 2022 Roundup with 59,032 points.

DEC / EC MONTHLY REPORTING

Question: Why did or has there only been six or seven send in their monthly participation report for their county or District? You know who you are.

Russell w Owens	Emergency Coordinator	Ky4rwo
Glenn Foley	Emergency Coordinator	KO4OL
James C. Flood	Emergency Coordinator	KJ4TKL
Gail Blackburn	Emergency Coordinator	KJ4HFS
Richard E. Henderson	Emergency Coordinator District Emergency Coordinator	KN4MAA
Robert Doughty	Coordinator	KK4AVI

Here is a link where you simply place your information in at the end of the month. Also, there is a link for net reports as well.

[Monthly Reporting](#)

What goes into a monthly SAR "Station activity Report"?

Messages Originated on behalf of a third party, one point for each message.

Messages Sent messages sent to another station, one point.

Messages Received, messages received over the air, one point.

Messages Delivered, delivery of a message on behalf of a 3rd party, one point.

What is PSHR, "Public Service Honor Roll"?

Do you ever look at QST each month, specifically on p. 70 May QST Field Organization Report. Information reported there is where the rubber meets the road in many occasions.

1. Participation in a public service net, 1 point each, max 40 points
2. Handling formal message, any mode, 1 point each, max 40 points
3. Holding a Field Service Appointment, 10 points for each appointment, 30 max.
4. Participation in a public service event. 5 points per hour.
5. Participation in a unplanned emergency response. 5 points per hour.
6. Maintaining a digital node, gateway, webpage and social media.

For further information please see this link: [Public Service Honor Roll](#)
